Diablo Chapter of CSHP

## **PRESIDENT'S MONTHLY NEWSLETTER**

MAY 2021

Dear DSHP Members,

The COVID-19 pandemic has created a great deal of uncertainty in all of our personal and professional lives. Now with almost half of Californians receiving at least the first dose of the COVID-19 vaccination, many counties are moving into new tiers as restrictions on businesses, gatherings and recreational activities are expected to be lifted June 15th.

We will continue to plan for more in-person events including the very popular Night Out With Industry (NOWI) event. The statewide mask mandate remains in place, and we will remain vigilant in taking steps to keep everyone protected.

I am proud of our chapter's successes this past year particularly in providing opportunities for meaningful engagement. We had over 20 hours of virtual CE programming, initiated weekly in-person Educational programs and expanded our Member Outreach Campaign.

Thank you for your continued participation and enthusiasm. Please stay safe and healthy, and I look forward to seeing you soon!

Amy O. Le, PharmD, BCPS, FCSHP
