Approval of minutes: The March 2022 Board Meeting minutes were approved by voice vote

Tech Liaison (Jeff)

- Jeff is currently the liaison between DSHP and the PTEL chair, Jeff has been active in DSHP in years past and we welcome him back to our board meetings. Jeff has been active in pharmacy since 1997 and working for Kaiser Permanente Northern California for 20 years.
- The current goal of the CSHP liaisons is to increase tech membership with an eventual goal of 150 technician members; the goal for this year is to get an additional 35 technicians to join and this is outlined in their SMAP.
- Outreach to pharmacy technician schools will be a key component of their plan
- Advocating for the Advance Pharmacy Technician (APT) certification is another goal. APT certification will include expanded non-discretionary tasks, technology certification and vaccine administration for technicians. Listening sessions around this have been held and the BOP had a licensing committee meeting today (4/19) to review the input from those sessions. The BOP's next public meeting will be 7/18 and is another opportunity to voice support for APT. Legislation may come as early as February 2023. Johnny Wong recommended more advance notification of listening sessions and other meetings around this topic as it is hard for practitioners to make events on short notice.

Membership Renewal Campaign

Working on member on renewal list. Nancy won't be on membership committee going forward. Please Encourage colleagues to bring colleagues from work. First DSHP event free. Bags and chargers will also be offered as incentives. When we have extra seats, Barbara can invite colleagues to bring friends. 5/3 event at Montecatini in Walnut Creek. may have extra seats and we need 30 seats to avoid a charge. Barbara to send

emails to invite nonmembers to come free of charge if they are seriously considering joining DSHP.

Update Upcoming Events

We've had a few meetings outside board meetings. We are set for membership appreciation BBQ. BBQ date for Saturday 8/27 and South station park Reserved. Barbara offered to bring wine. Keith donated some champagne. After BBQ, we will have NOWI. Will try to confirm availability for availability on 4/21. Looking for someone to co-ordinate NOWI planning. Looking at possibility to hire a party planning service? Decided is too pricy. Barbara brought up the Heart Walk event in case anyone would like to participate

Liaisons

CSHP Board (Keith absent).

Government Affairs (Brigitte)

GAAC continues to review bills as they are identified as potentially relevant to the pharmacy profession. Several bills, four of them key bills, were presented to the April Board of Directors meeting and our recommendations were all accepted.

New Practitioner. Veronica absent

Committees

Membership: membership drive discussed above.

Education (Barbara)

Barbara has a program to 4/28 tentatively, still working on update. 5/3 there is a program in walnut creek. Annual resident western date round up on 5/5

CE/CAPE. (Luba)

Working on organizing western state round up which is virtual on 5/5. Reminder email to be sent to membership. Struggling to get residents to speak to western states round up. Reached out to membership and now residents willing to participate. Thank you for encouraging residents to present. Luba graduating in May and looking for new students to take over. We have been doing ACPE accreditation for a year which allows lecture to be accredited for both pharmacists and pharmacy technicians. Learning objectives particularly tech's objectives have become more stringent to make ACPE accreditation. Can we step back from all programs being accredited for pharmacy technician and choose just a few, especially since few pharmacy technicians are attending? FYI, Some CSHP are accredited for techs.

Nominations: (Brooke)

No updates. Thank you to everyone who nominated. Brooke
