CSHP Board (Johnny)

We are working on same things from all year long, nothing new. There's a call for support to get donations that will be sent out for Dan Kudo' video project to showcase what pharmacists do. Please donate.

Treasurer

We are very strong with funds we have right now. Should we transfer some of money into an account where we can get interest earnings? Account is under Derrick so will coordinate with Derrick. Something else to consider is high yield savings accounts. We have 90K in our account right now. Motion to approve putting a maximum of 60k into a high yield or CD savings account to accrue interest. Motion approved.
