

DSHP YouTube Channel – NEW VIDEO!

California Society of Health-System

Diablo Chapter

**Brigitte has a new Youtube video out!
Please check out the link below**

Brigitte Ouabo, President-Elect, has set up an amazing YouTube page showcasing interviews with key members from DSHP and from the local Pharmacy profession.

As advocates for professional growth and development, we firmly believe in the power of sharing experiences and learning from one another. Our [YouTube channel](#) will serve as a platform to showcase the journeys of our members and how their involvement with DSHP has positively influenced their careers. These videos provide valuable insights into the diverse paths that pharmacists and pharmacy technicians have taken to reach their professional goals and the invaluable knowledge, networking, and support our community offers to help pharmacists excel in their careers.

In honor of Pride Month, we had the privilege of sitting down with Dr. Jim Scott, Past President of CSHP and Dean of Touro University California College of Pharmacy. Dr. Scott's journey is one of remarkable resilience, passion, and unwavering authenticity, making him a true inspiration to many in the pharmacy profession and beyond

Whether you are already an active member of DSHP or considering joining, visit our YouTube channel today for our latest video!
